FRAUD ALERT!!!

With the cooler weather comes the holiday season. Unfortunately, it also brings increased activity from fraudsters. Brady National Bank would like to take this opportunity to remind our customers to not become a victim to fraud. Recently, Brady National has received customer comments about unsolicited phone calls from individuals representing to be from the Bank. The individuals requested personal information from our customers.

Your bank will never call you for information we already have. You should NEVER give your personal information, including your debit card number to anyone over the phone, especially if you didn't initiate the phone call. With your help, we can make this a very happy and joyous holiday season.

If you have any questions please call us at 325-597-2104.

Thank you!
